- **Come See the Advanced Studio Art & Advanced 3D Art Classes Cardboard Characters!** Outside the main office you will find Cardboard Characters inspired by Art History, students were asked to analyze the style of various artists and art movements in history. After choosing their artist or art movement inspiration, students began to organize and develop their artistic ideas and work. Then, through experimentation, practice, and persistence, students demonstrated acquisition of skills and knowledge in cardboard by creating an Art “Me” Story Scarecrow

- *Students chose the following art movements:*

Expressionism, Cubism, Surrealism, Dadaism, Pop Art, Suprematism (Russian 1915), Ukiyo-e 17th – 19th c. Japanese, & Contemporary Inspirations

### NOTE: What is an Art Movement ?

An Art Movement is a distinct artistic style, technique, or trend that maps a particular period of cultural development in the history of art.

Art Movements are simply a historical convenience for grouping together artists of a certain period or style so that they may be understood within a specific context.
